## Introduction

### The Survey

The General Practice Assessment Questionnaire (GPAQ) surveys how patients perceive their doctor's practice. The survey covers aspects of quality best assessed by asking patients, and most highly valued by patients.

### Survey Development

GPAQ was introduced in 2004. This version, GPAQ-R (piloted as GPAQ V4), was revised (2012) to encompass GP Revalidation, and the Directed Enhanced Service (DES) for Patient Participation which includes collecting patients' views through a local survey.

### This Report

For each question, a summary of how many patients responded to each answer within each question is given.

### A Note about Numbers /Subtotals

Total figures include those who did not answer the question about sex or age. Therefore where subtotals are given for the split between males and females, and similarly those under and over 45, these may add up to less than figures in the total column.

### Benchmarks

Benchmarks are averages, and as such should be treated with caution and in context.

For questions identical, or nearly identical to questions in the GPPS survey, April 2010-March 2011 GPPS national benchmarks (as percentages) are given - as best possible - in a column to the right of your practice results, highlighted in green.

In addition, we have benchmarks from 17,000 questionnaires collected for GPAQ V4. These are given, again as percentages, highlighted in this 'biscuit' colour. For the questions identical to questions in the GPPS national survey, practices may wish to benchmark their results against those from the national survey, for which the numbers collected are much greater.

The table at the end of this report (p18) gives your practice benchmarks together with National Benchmarks from the 17,000 completed questionnaires from piloting GPAQ-R (piloted as GPAQ V4).

### Taking Action on Results

GPAQ has been designed for scores to be used to improve care in your practice. The questions are not vague or general. They relate to specific aspects of care where there is clearly something to be done, if the practice judges that improvement is needed. More information is given in the booklet "Improving your practice with patient surveys" which can be downloaded from the GPAQ website: [www.gpaq.info](http://www.gpaq.info)

### How the Survey was carried out

GPAQ-R questionnaires were given out to patients after they had seen the GP.

Characteristics of the sample

|                                     | Consultation GPAQ<br>V2 Data 2005/6 | Your Practice<br>Survey 2013 | Data from GPAQ V4<br>collected 2012-2013 |
|-------------------------------------|-------------------------------------|------------------------------|--|
| Total: n                            | 190,038                             | 102                          | 17,145                                   |

| % in full time education            | 3.4                                 | 1.0                          | 3.8                                      |
| % unable to work/long term sickness | 7.2                                 | 13.7                         | 6.0                                      |
| % looking after home / family       | 9.6                                 | 5.9                          | 7.0                                      |
| % retired                           | 27.5                                | 30.4                         | 24.3                                     |
| % other                             | 1.6                                 | 2.0                          | 2.4                                      |

\* for GPAQ V3 and V4 information on age was requested in age bands, so mean age data is not available for comparison with the V2 mean

Most patients don't answer the question as to whether they saw the doctor/nurse today for themselves, their child or for another reason.

Of the 66 or 65% who answered the question

- 58 saw the GP/nurse for themselves
- 7 saw the GP/nurse for their child
- 1 saw the GP/nurse for another reason or person.

**Qs 42 and 43 Are you male, female? Under or over 45?**

| Age                   | Male       | Female     | Under 45  | 45 and over | Total     | % Under & over 45 | % Under & over 45 | GPPS Benchmark |
|-----------------------|------------|------------|-----------|-------------|-----------|-------------------|-------------------|----------------|
| Under 16              | 0          | 0          |           |             | 0         |                   |                   |                |
| 16 to 44              | 9          | 24         | 33        |             | 33        | 33.7              | 41.7              | 46%            |

98 of the

102 patients who completed the questionnaire answered both these questions.

#### Q44 Do you have a long standing health condition?

|                        | Males | Females | Under 45 | 45 and over | Total No responses | % of total responses | GPAQ V4 % benchmark | GPPS Benchmark |
|------------------------|-------|---------|----------|-------------|--------------------|----------------------|---------------------|----------------|
| Yes                    | 22    | 34      | 12       | 43          | 56                 | 56.6                 | 51.4                | 43%            |
| No                     | 13    | 24      | 18       | 19          | 38                 | 38.4                 | 43.5                | 55%            |
| Don't know / can't say | 2     | 3       | 3        | 2           | 5                  | 5.1                  | 5.1                 | 2%             |
| Total %                |       |         |          |             |                    | 94.9                 | 100.0               | 98%            |
| <b>Total Number</b>    | 37    | 61      | 33       | 64          | 99                 |                      | <b>16,016</b>       |                |
| Missing                |       |         |          |             | 3                  |                      |                     |                |

99 of the 102 patients who completed the questionnaire answered this question. This question is often used in major national surveys. It is a strong predictor of a high consultation rate.

#### Q45 What is your ethnic group?

|                        | Males | Females | Under 45 | 45 and over | Total No responses | % of total responses | GPAQ V4 % benchmark | GPPS Benchmark |
|------------------------|-------|---------|----------|-------------|--------------------|----------------------|---------------------|----------------|
| White                  | 36    | 59      | 30       | 64          | 96                 | 96.0                 | 84.9                | 88%            |
| Black or Black British | 0     | 0       | 0        | 0           | 0                  | 0.0                  | 3.4                 | 2%             |
| Asian or Asian British | 1     | 1       | 2        | 1           | 3                  | 3.0                  | 7.0                 | 5%             |
| Mixed                  | 0     | 0       | 0        | 0           | 0                  | 0.0                  | 1.8                 | 0%             |
| Chinese                | 0     | 0       | 0        | 0           | 0                  | 0.0                  | 0.6                 | 1%             |
| Other ethnic group     | 0     | 1       | 1        | 0           | 1                  | 1.0                  | 2.3                 | 2%             |
| Total %                |       |         |          |             |                    | 99.0                 | 100.0               | 98%            |
| <b>Total Number</b>    | 37    | 61      | 33       | 65          | 100                |                      | <b>16,199</b>       |                |
| Missing                |       |         |          |             | 2                  |                      |                     |                |

100 of the 102 patients who completed the questionnaire answered this question. 2 of these did not answer the question about sex. 2 of these did not answer the question about age.

#### Q46 Which of the following best describes you?

|   | Males | Females | Under 45 | 45 and over | Total No responses | % of total responses | GPAQ V4 % benchmark | GPPS Benchmark |
|---|-------|---------|----------|-------------|--------------------|----------------------|---------------------|----------------|
| Employed (full or part time, including self-employed) | 14    | 26      | 18       | 21          | 40                 | 39.6                 | 48.5                | 58%            |
| Unemployed / looking for work                         | 3     | 4       | 4        | 3           | 7                  | 6.9                  | 4.2                 | 5%             |

Again, some patients may answer Q28 that they prefer a particular GP yet leave Q29 blank;  
and conversely some may leave Q28 blank yet answer how often they see or speak to their preferred GP.

**Qs 30 to 35: Summary of how good the Nurse was perceived to be at the following:**

Only patients who have seen a nurse in the last 6 months should have answered this question.

Figures, except where total numbers are given, are percentages of total answering each question.

| Total Patients %                 | Q30 Putting you at ease? | Q31 Giving you enough time? | Q32 Listening to you? | Q33 Explaining your condition and treatment? | Q34 Involving you in decisions about your care? | Q35 Providing or arranging treatment for you? |
